

Apollo Contracture Range[®]

The new **Apollo Healthcare Technologies Contracture Range[®]** of products, have been designed to provide Pressure Reducing Surfaces for all parts of the body where contracture's most commonly occur. Contracture is a condition where **Muscles, Tendons** and other **Tissue**, shortens or hardens, often leading to deformity and rigidity of the patients joints.

The **Contracture Range[®]** consist of 4 bespoke pads, available as a pack or individually. They are specifically manufactured to cover all contracture's from the **Head, Neck, Hands, Knees, Legs** and any other area affected by this condition.

All 4 pads offer a cost effective solution to assist with this debilitating condition, comprising of a Visco Elastic Foam, which moulds to the patients shape, providing excellent levels of both comfort and pressure redistribution. The cover is 2-way stretch, Waterproof and Vapour Permeable, assisting with infection control, meaning they are able to be used by multiple patients.

Contracture Small Pad 80mm x 120mm x 50mm
Product Code AHTCP001

Contracture Medium Pad 120mm x 170mm x 50mm
Product Code AHTCP002

Contracture Large Pad 200mm x 200mm x 50mm
Product Code AHTCP003

Contracture Long Pad 150mm x 430mm x 30mm
Product Code AHTCP004

Cleaning

We recommend regular cleaning of the Contracture Pads, whilst in use by the patient, by wiping the cover with soap and warm water.

Between patient use, in order to thoroughly decontaminate the Contracture Pad, they should be carefully cleaned with 1000ppm solution of Sodium Hypochlorite or similar disinfectant and be allowed to dry completely.

Fire Retardancy BS7176

Product Weight 0.1 - 0.4kg dependent on size of pad
